About Bambuser AB

Bambuser is a Swedish software company that offers B2B solutions for live video. Since 2007, the Company has developed a platform for interactive live video broadcasts enabling live video streaming from mobile phones and web cams to the Internet. The breakthrough occurred in 2010, when the Company's service was used to report the unrest in Egypt during the parliamentary elections. The following year, videos were produced via Bambuser and used in several television broadcasts throughout the world during the Arab Spring.
